BRUNETTES

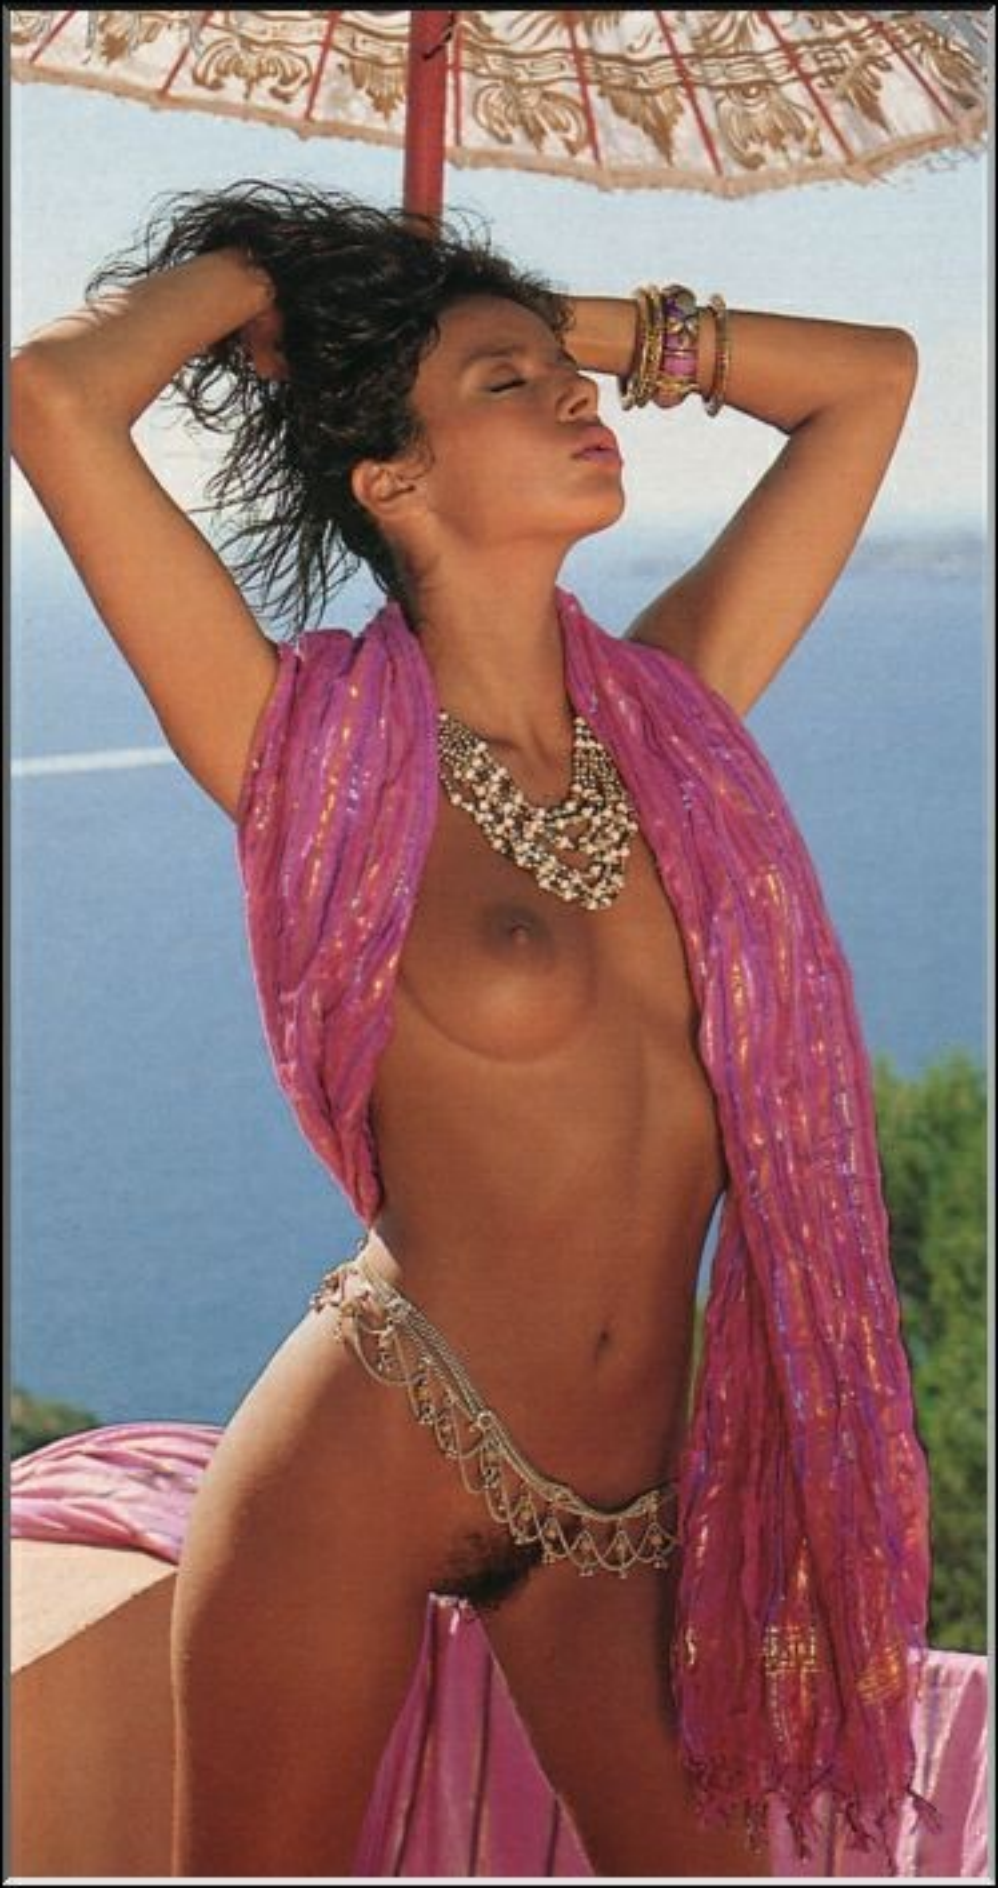
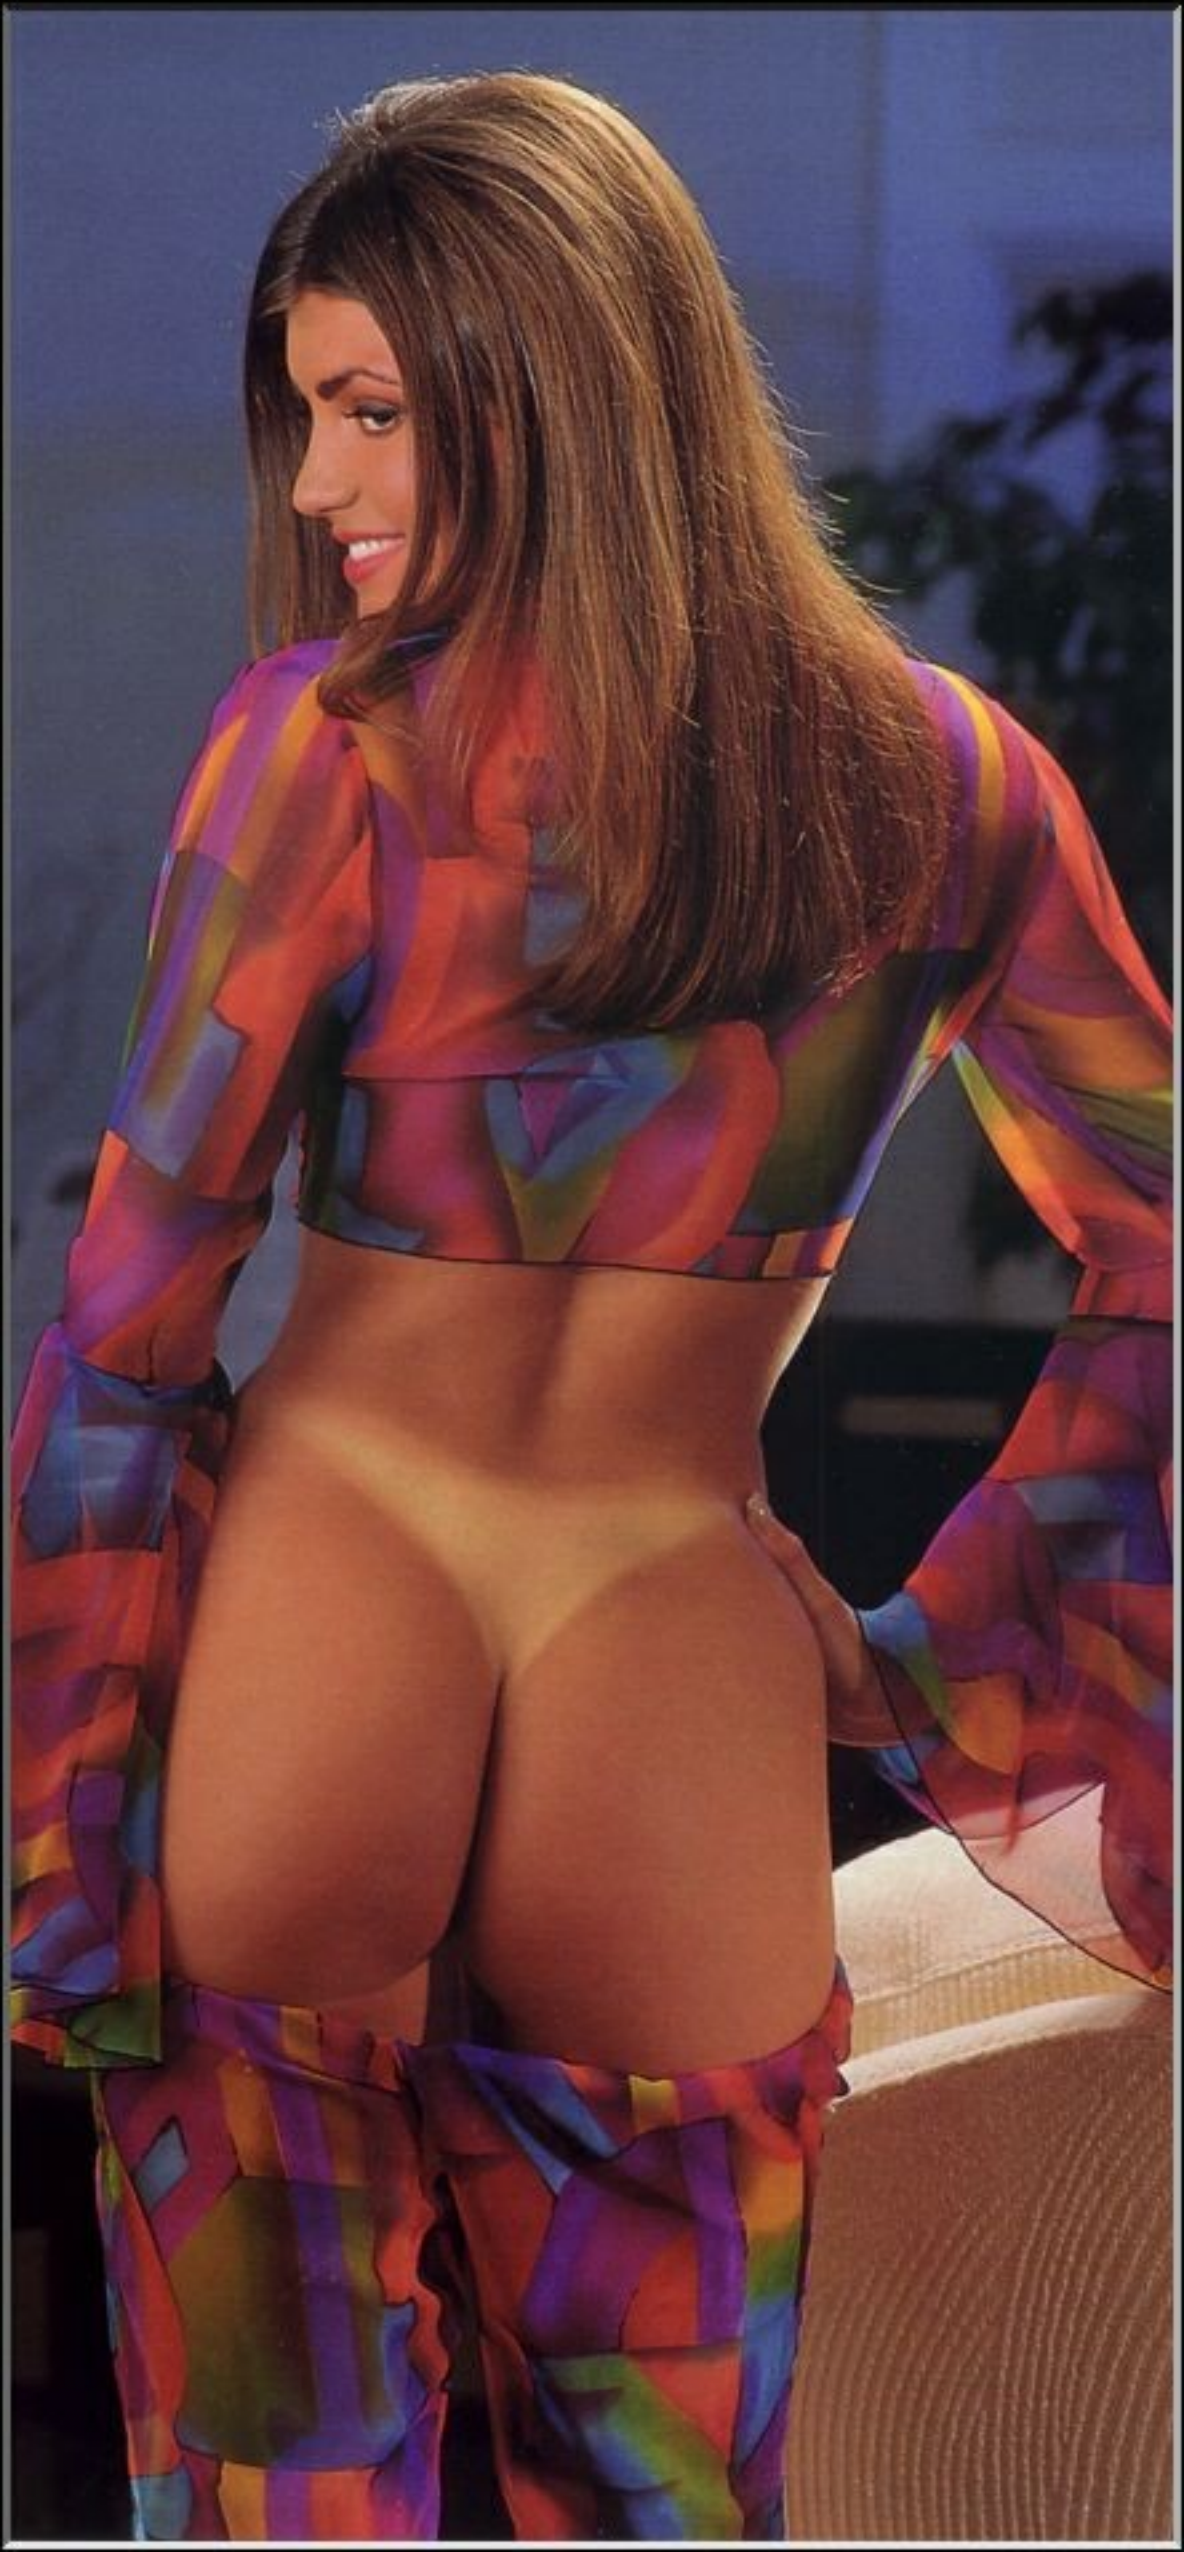
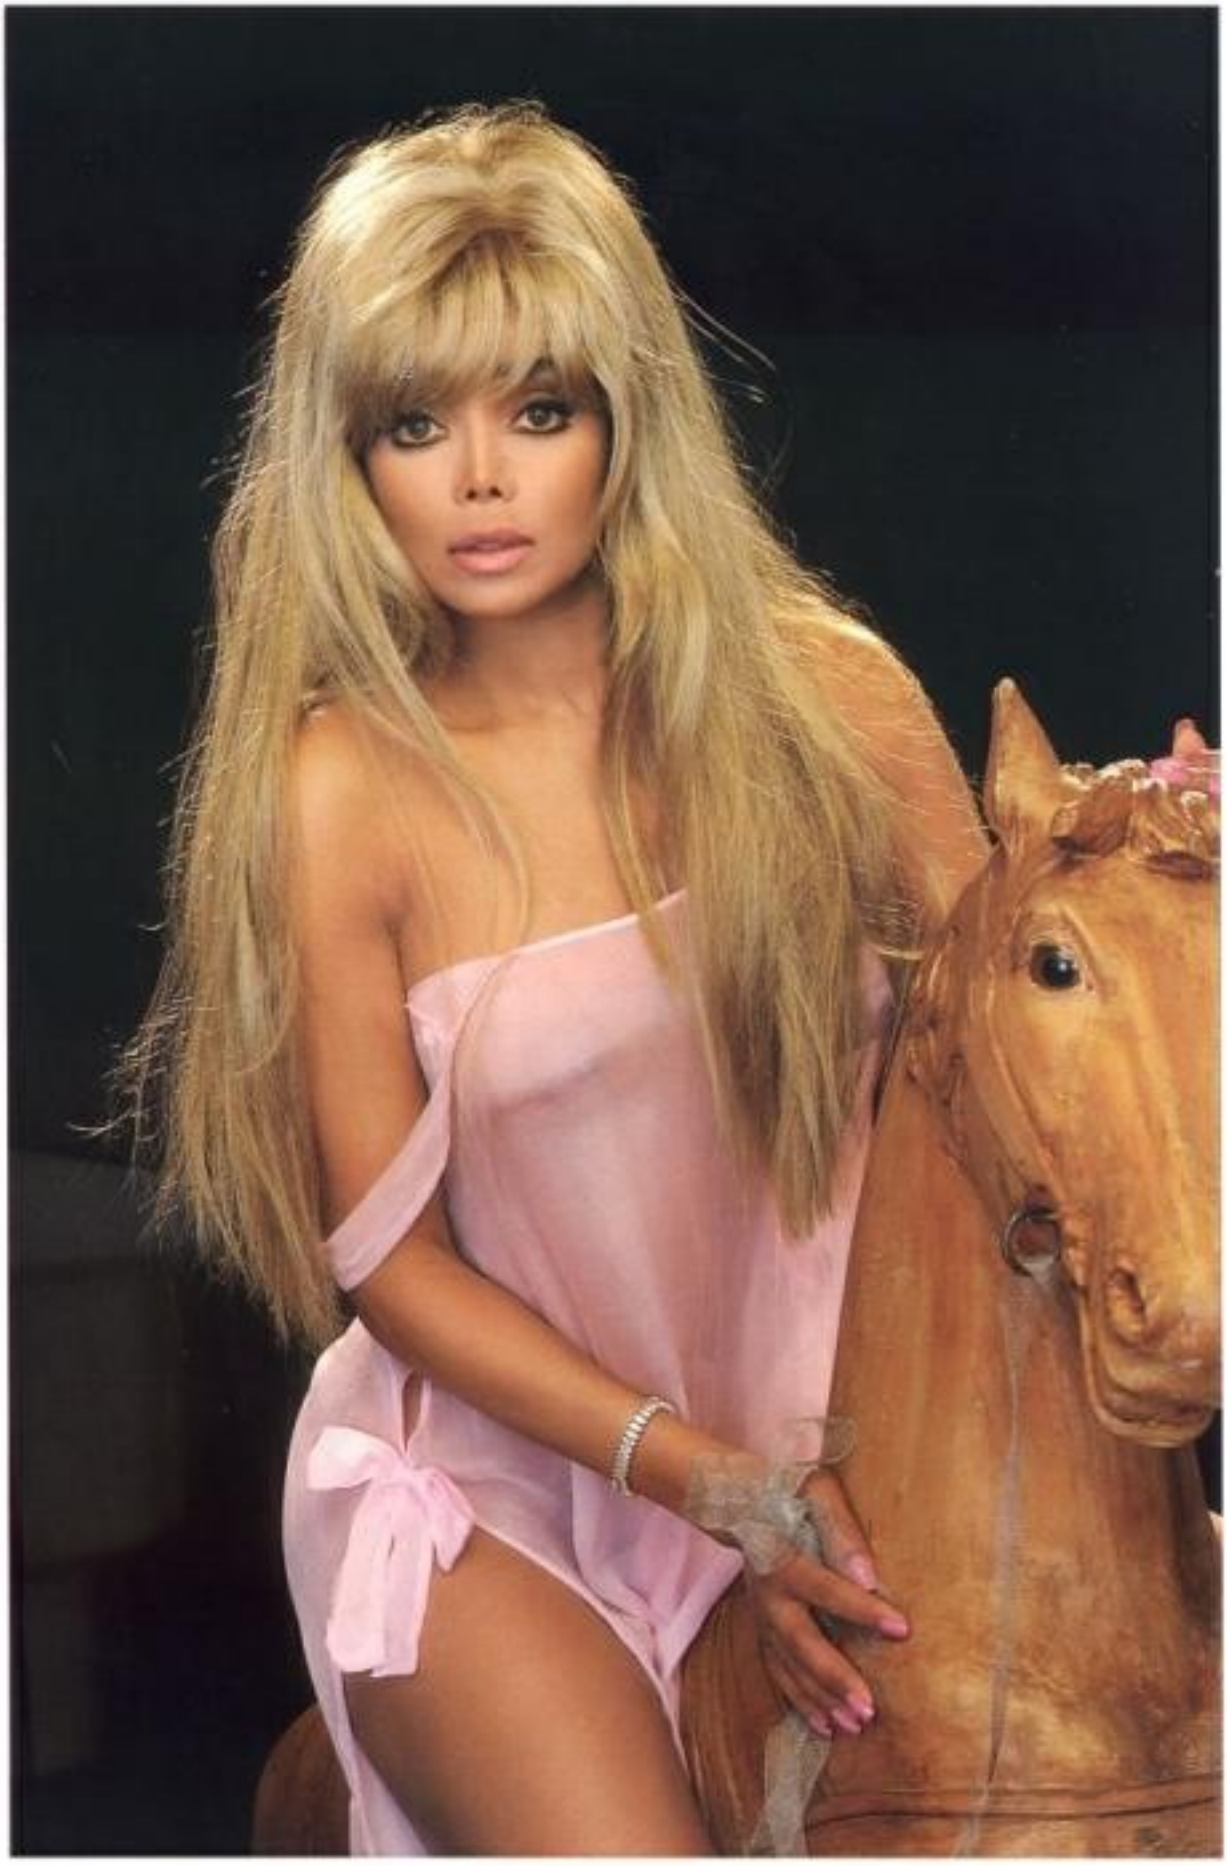
EVERLAST





Here's the long and short of Christina Lauritzi: before above; after right. She cut off about three feet of hair following her Playmate appearance.



The thing about wigs is that curiosity can be satisfied instantly. La Toya Jackson, marvelous as a blonde (above), looks like she may be having fun. But the character change was only for the photographer. Eventually, she doffed the hairpiece and became her natural sultry self (right).
